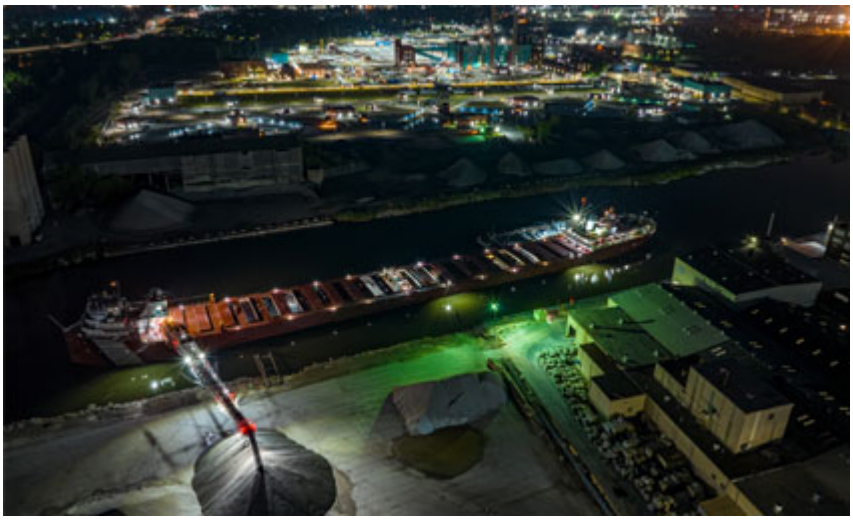
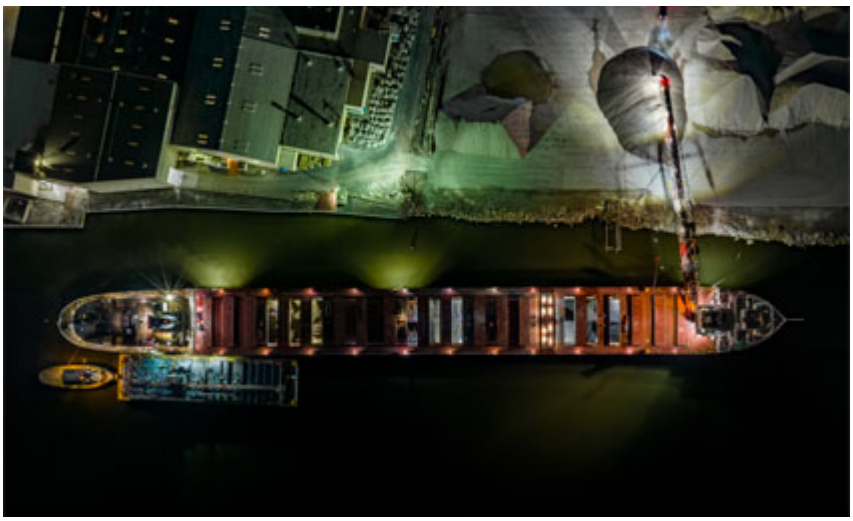
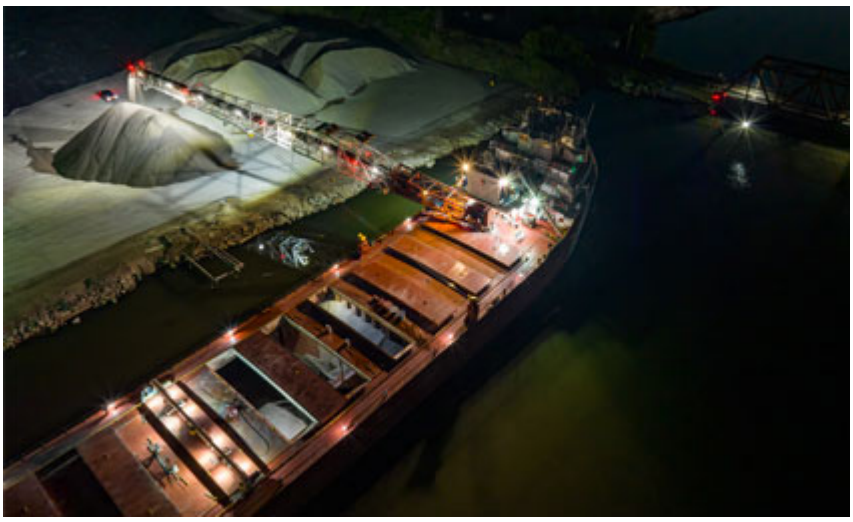
GREAT LAKES FLEET

M/V JOHN G. MUNSON







Name:

- M/V John G. Munson
- The vessel was named after Mr. John Gephart Munson, a former president of Michigan Limestone and a vice-president with United States Steel Corp.

Did You Know?

- The MV John G. Munson is a self-unloading bulk carrier.
- The ship is designed to transport bulk cargoes such as iron ore, coal, and other raw materials.
- The ship is equipped with a self-unloading system, allowing it to discharge its cargo without relying on shoreside equipment.
- This is the second ship to be named the John G. Munson. The first was built in 1917 and is not longer in service
